### RULES AND REGULATIONS – Garden Department

1. Exhibitors are reminded that you **MUST** have raised or helped to raise the produce shown. It can be raised from seed, purchased plant or existing perennials, trees or vines that you have **actively helped care for**.
2. Please carefully check what is needed for fair entry, below. Failure to have the needed information could prevent the best possible show placement or disqualification. The Superintendents, Assistant Superintendents and judges reserve the right to change class if the produce is entered incorrectly or if another class is better fit for the plant/variety being entered.
3. For produce specifics, guidelines, tips and help on how to show each garden product successfully, please see the **General Guidelines for Exhibiting and Judging Agricultural Products**. Copies are available in the Carroll County Extension Office, at the fair information desk, and at the Garden Department check in table at the fair on entry day.
4. Produce becomes property of the fair at the time of entry and will be sold, with proceeds benefitting the fair beginning Saturday afternoon of the fair. All award-winning produce, produce displays and judge's choices will stay on display for the entirety of the fair and not be sold. All display baskets and containers will be kept for return after the fair, once the produce has been removed for sale. Pictures of produce sold will be displayed for the fair and available to keep for record book.
5. Only 1 entry in each class allowed
6. Entry will be drop off, with judging to occur at a different time. **Judges have the right to cut, taste or open any produce to verify the variety, quality and that they are homegrown.**
